Description

This exceptional villa is built from high-quality solid timber and sits in an elevated position above Benidorm. From here, the views stretch spectacularly across the mountains and the valley to the Mediterranean on the horizon. The house stands out for its distinctive design, solid build quality and a high level of comfort. All rooms are on one level, including a spacious living area with a wood-burning stove and a suite with its own bathroom and walk-in wardrobe.

Outside, there is a 92 m² covered terrace, a pool with a sliding enclosure for year-round swimming, and a summer kitchen with a traditional bread oven. The property also has its own well and two garages with a combined 86 m². It offers complete peace and privacy, yet the centre of Finestrat is only a few minutes away by car.
